**Declaration:** Red Stag Timber Limited provide this declaration to satisfy the provisions of Schedule 1 of the **Building (Building Product Information Requirements) Regulations 2022**.

### Product and intended use

- Ceiling strapping: finger-jointed and solid, in sizes 70mm x 35mm and 140mm x 35mm.
- Cavity batten, finger-jointed, in the size 45mm x 20mm.
- Tile batten, solid, in sizes 50mm x 40mm and 50mm x 50mm.

### Product identifier

Ceiling strapping is end tagged on each piece with the treatment plant number, preservation number, and Hazard Class, and the preservation third party auditor's logo. Tile batten is packet labelled with the treatment plant number, preservation number, and Hazard Class, and the preservation third party auditor's logo. Cavity batten is not labelled.

### Relevant building code clauses

B2 Durability.

### Contribution to compliance

Compliance with B2 Durability is via B2/AS1 Section 3.0 Generic Materials clause 3.2 Timber and wood based building products.

### Building product limitations

All products are for non-structural building.

### Maintenance requirements

Ensure that kiln dried timber, particularly timber treated to H1.2, is not exposed to continuous wetting or subject to high levels of moisture especially when used in applications that are hidden from clear view or are not readily accessible for regular inspection. <https://www.redstagtimber.co.nz/products/new-zealand-products/technical-information/timber-briefs/>

### Building product warnings or bans under section 26 of the Building Act 2004

Non-structural timber is not subject to a warning or ban in terms of S26 of the Building Act 2004.
